

POWIS Fastback® Hardcover Guide

With the Fastback® Hardcover™ system, anyone can create a professional-quality hard cover book, in less than a minute. Publishers can now offer any book they have ever printed with no remainder copies to worry about. Schools can let the students create their own yearbooks. Whether you are looking for a cost-effective way to produce books for resale or you want to create memory books for your children and friends, the Fastback Hardcover product line is the perfect solution.

The Fastback Hardcover line is designed to work with the Foilfast® printer and the PowisPrinter®. Foilfast Title Sheets enable you to add seven-color foil printing to the Fastback® Hardcovers for library-worthy books. This great product line includes the Fastback Hardcovers, Foilfast Title Sheets, endleaves, and the Fastback Hardcover Guide. Covers are currently available in size 8 1/2" x 11" and A4. Fastback Hardcovers are available in suede and premium composition material as well as library and art cloths. You have a great selection of colors and materials to choose from.

Highlights

- Professional Results— Produce hard cover books that match commercially manufactured books in quality and durability.
- Easy to Use— It only takes a few minutes to learn to use the Fastback® Hardcover™ System. Anyone can be up and in production immediately.
- No Set-Up— Whether you make one book, or one thousand, there is never any set-up, so there is never any waste.
- Saves Money— Produce only as many books as you need. There is never any overstock.
